About the General Teaching Council for Northern Ireland

The Council is the independent, self-regulatory professional body for teachers in Northern Ireland. It is dedicated to enhancing the status of teaching and promoting the highest standards of professional conduct and practice. If you wish to teach in a grant-aided school in Northern Ireland you must be registered with the Council.

Established by the Education (Northern Ireland) Order 1998, the Council has a membership of 33, the majority of whom are teachers. The Council's responsibilities are as follows:

- the registration of teachers and the approval of teacher qualifications;
- the development of a Code of Values and Professional Practice for the profession;
- disciplinary functions relating to professional conduct and competence; and
- the provision of advice to the Department of Education and Employing Authorities on: the education, career development and performance management of teachers;
 - standards of teaching;
 - registration issues;
 - standards of conduct for teachers; and
 - other issues such as may be determined by the Department of Education.

The Council is a unique coalition of the profession and other partners with an interest in the education service. It is funded by the annual registration fees paid by teachers.

The Register of Teachers

The Council's Register of Teachers contains the names of and other information – contact details, qualifications and employment history – on more than 27,000 teachers working in grant-aided schools in Northern Ireland; it also contains details about peripatetic teachers. The Register was established in April 2004, and the Council is constantly adding new records and improving the quality of the data held on the Register.

Introduction to this Digest of Statistics

This is the sixth annual 'digest' of statistics produced by the Council; it presents information extracted from the Register of Teachers, which is an important and unique data source. The information that the Council is able to hold on its 'Register' is determined by Schedule One of the General Teaching Council for Northern Ireland (Registration of Teachers) Regulations (Northern Ireland) 2004. The fields that have been selected for the 'digest' are those fields which are considered to have a high level of accuracy and completeness.

Data Definitions and Assumptions

The 'digest' tables have been generated from teacher record data with a census date of the 31st March 2011. The following assumptions apply to all tables in the 'digest':

- the figures count 'actual' teachers and not full-time equivalents;
- substitute/supply teachers are only counted once; and
- the number of registered teachers is 'real time' and can go up or down, depending on new registrations and deregistrations.

As of the census date, the Council had some 28,044 registered teachers, and tables 1.0 to 1.3 analyse these teachers by age and gender. The Council's Register of Teachers also contains employment details and 20,393 registered teachers are employed on permanent or temporary (one term or more) contracts in grant-aided schools, this figure does not include peripatetic teachers or teachers working in a substitute/supply capacity. These 20,393 teachers have been analysed, see tables 2.0 to 2.9, in terms of age, gender, Education and Library Board, school sector and school management type.

In addition to information about registered teachers, specific statistics relating to Principals have been included, see tables 3.0 to 3.9.

The management and publication of all information from the Council's Register is in keeping with Data Protection legislation and safeguards against the publication of data about individuals.
